ONE & ONLY BEAUTY

by JONATHAN & GEORGE

IT'S NOT MAGIC...  
IT'S SCIENCE.

How SeroVital<sup>®</sup>  
ADVANCED works

**Nourish. Balance. Restore.**

The beauty industry was abuzz when a study presented by a group of esteemed scientists at the 30th Annual Scientific Meeting in San Antonio, Texas, found that an orally administered compound was capable of increasing mean serum

(blood) growth hormone levels by more than 682%. This proprietary combination of amino acids actually stimulated the pituitary gland to increase the body's own hGH levels for men and women across a wide age range.\*

The SeroVital formula, based on this study, works by nourishing your pituitary gland, inhibiting somatostatins, and optimizing the pathways for human growth hormone (hGH) to flow at more youthful levels.

Basically, it works by naturally increasing your hGH\* - returning your body's production to levels closer to what you experienced in your 20s and 30s.\*

**SeroVital ADVANCED** consists of the original age-defying formula. PLUS a boosting formula that

Meaningful Beauty Beyond. New formulas that actively neutralize more skin-aging factors than ever before to go beyond skincare for signs, provide an instant that's simply beautiful.

*—Cindy Crawford*

WHETHER YOU'RE A SUPERMODEL OR A SUPERMOM, as you move beyond your twenties, you bump up against a simple truth: keeping your skin looking young and vibrant requires science-based skincare. That truth led me to Dr. Jean-Louis Schlegel's office in Paris when I was just 28 years old. At the time, life and modeling were starting to take their toll on my skin and I was determined to stay ahead of the aging curve. I saw a remarkable change in my skin from just one revitalizing treatment with Dr. Schlegel's super-antioxidant "intra-cellular" extract. I loved, then and there, that women everywhere deserved a chance to experience his extraordinary discoveries.

That was the beginning of the remarkable partnership that created Meaningful Beauty™ skincare. Fast forward to 2017 and we're refining the cutting edge of anti-aging skincare with

THE SOUTH OF FRANCE

**Blue Is The New ULTRA VIOLET**

WE LIVE IN AN AGE OF AMAZING TECHNOLOGY—AND IT'S AGING US!

The beauty business is braving with reports of new scientific research showing that "blue light" high-energy visible (HEV) light emitted from electronic devices—our phones, tablets, TVs and computers—can penetrate even more deeply into our skin than the sun's UV rays. The good news is Meaningful Beauty™ has created a new kind of protection for your skin that helps block the "blue"—Environmental Protecting Moisturizer Broad Spectrum SPF 30.

**Retinol: Vitamin "A"geless**

Retinol, a uniquely powerful form of Vitamin A, is still the dermatologist's go-to treatment for wrinkles. Why? Because it stimulates cell turnover to help reverse visible signs of aging. Meaningful Beauty's latest advance takes retinol out of the doctor's office and brings you this remarkable ingredient in an anti-aging night-cream.

**OVERNIGHT RETINOL REPAIRING CREAM**  
This intensely hydrating overnight treatment pairs the antioxidant properties of our Gentle French melon with the legendary repairing properties of retinol. The result is a new kind of night treatment that rapidly renews skin's appearance without the risk of irritation typical of prescription retinol. **ORGANIC BOTANICAL SIGNATURE BLEND**  
Caffeine-Free

Our signature tea is composed of spicy ginger, soothing licorice and zesty lemongrass, blended with immunity enhancing Ayurvedic herbs to compose a tasty and irrevocable caffeine-free infusion. Based on an ancient Ayurvedic cold and cough remedy, the swirling aromas of rain forest spices and citrus enliven the senses and strengthen the system.

**ORGANIC FAIR TRADE ROOIBOS BLEND**  
Caffeine-Free

Antioxidant-rich African Rooibos and real, wild blueberries in a perfect balance provide tart, juicy and naturally sweet flavors that taste great hot or cold.

Rooibos is an all natural, caffeine-free source of powerful antioxidants that strengthens the body's natural immunity containing Vitamin C and E as well as iron, zinc, potassium and calcium. Rooibos promotes restful sleep and relaxation.

**HIBISCUS BERRY**  
**ORGANIC FAIR TRADE BOTANICAL BLEND**  
Caffeine-Free

Luscious currents and delicious forest berries complement this fruity and balanced blend with a wonderful, scarlet red infusion that refreshes and rejuvenates.

**JADE CLOUD**  
**ORGANIC FAIR TRADE GREEN TEA**

This is a special grade of Chinese green tea produced in the high elevation tea gardens of western Hubei, China. Each year, Jade Cloud is carefully selected from the farmers' earliest batches of spring tea. Organic Jade Cloud has a mellow and refreshing character that is smooth with low astringency. Jade Cloud's aroma suggests sweetly toasted chestnut and bluegrass.

**WHITE PEONY**  
**ORGANIC WHITE TEA**

White Peony (Bai Mu Dan) is the most common style of traditional white tea and consists of two leaf buds and a silvery bud. Bai Mu Dan is prized for its smooth, sweet flavor and slightly woody, toasted aroma. Gentle processing and a unique withering process result in an amber-orange infusion with low astringency, weighty mouth-feel and a mild flavor that pairs well with most foods.
